

FREE SMOKE ALARM INFORMATION

- **HOMEOWNERS WITHIN THE CITY LIMITS:** The Springfield Fire Department will give you a brand new smoke alarm with installation for free!
- Call **864-1500** and the administrative assistant will assign a Fire Crew to come out and install your smoke alarm.
- We do have hearing Impaired smoke alarms if you need them.
- If you rent, contact your landlord. There must be at least one working smoke alarm on every floor of your home. It is the landlord's responsibility to take care of that.
- No matter whether you rent or own, if you need batteries replaced in an existing smoke alarm, call **864-1500** and the administrative assistant will assign a Fire Crew to come replace the batteries for you. This is also free of charge.
